Third Year – Junior Cycle School Report

Further to our previous correspondence in relation to the Department of Education and Skills' decision not to go ahead with Junior Cycle exams this year, we have issued a different type of report for students who have just completed 3rd Year based on the guidance issued by the Department. This Junior Cycle School Report takes into account all 3 years of a student's learning at Junior Cycle.

The report includes:

- CBA Descriptors (where available)
- A final mark and grade. This is made up of a weighting of 90% based on each students' results up to and including the Mock exams and 10% based on the assessment they completed in May.
- Teacher Comment.

We are very proud of the outstanding achievements of our Third Years and look forward to the next stage of their journey in Senior Cycle next year. The Junior Cycle School Report for Third Years will also be sent home by post next week.

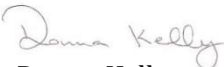

We wish to take the opportunity to thank you once again for your cooperation and forbearance over these challenging last few months and to wish you all a happy and a safe summer.

We will be in touch again over the course of the summer once plans have been arranged for the beginning of the new school year in August.

Yours faithfully,
